Reminder:

NO SCHOOL Tomorrow, Friday February 2nd for an all staff development day

- Pathfinders also closed

Intent to Return

If you haven't already, please complete and return the intent to return form. This will help us to determine how many seats we have available for new students for the 2024-2025 school year. If you are still undecided, that is ok but if you know your plans for next school year, please complete this by the end of the day on Friday, February 2nd.

TRM Summer Programming Interest Survey

Last call for interest in Summer care, please let us know via the linked survey below. We will make determinations starting next week on programming based on the interest we receive from this initial survey. Thank you!

TRM, Now an AMS Member School

Three Rivers Montessori is excited to announce that we are officially an American Montessori Society (AMS) member school. This partnership will help us to further develop our programming, find unique opportunities for staff development, and connect us with resources for our families. Attached to this week's newsletter you will find the January "Family Connection" newsletter from AMS. Each month we will share their newsletter which will offer information about Montessori and its impact on children. There will also be resources that you can use at home! We hope you find this newsletter helpful and that it further connects you with the Montessori philosophy we embed here at TRM each day.

Montessori Minute with Anna Nation

"I wonder what happens to these electrons when we breathe in oxygen and it turns into carbon dioxide when we breathe out?" a student in Walnut Class asked me on Friday as we worked on building atoms and their electron shells with the Bohr atom model. As an educator, I took a breath, remembering all of my anxieties and tears during my Sophomore year chemistry class. The endless abstract memorization and difficult tests had made chemistry a subject I never felt I could understand, and had effectively halted any inquisitiveness about chemical reactions and responses in our world. What a gift it is to share knowledge around this subject in hands-on and concrete ways and to watch students' curiosity and intellect drive their learning. Montessori continues to impact not only the students here at TRM, but us as educators as well.

Upcoming Lottery and Seating for 2024-2025

Our enrollment window for next school year will be open through Friday, March 8th. We have already overfilled all of our kindergarten seats and will be holding a lottery for kindergarten for next school year. Families with children already at TRM will get sibling preference during the lottery. We now accept new students through grade 5, which is a change from years past. You can always find information on registration on our website at:
<https://threeriversmontessori.org/admissions/>

Our Spring open house for new families will be held on Wednesday, March 6th from 3pm to 5pm and the live lottery will be held at TRM on Wednesday, March 13th at 5pm. All are welcome to join us in person for these fun events!

Preschool students (ages 33 months to 4) will be seated on a first come, first served basis.

If you have any questions about programming for next year please do not hesitate to reach out to us at: admin@threeriversmontessori.org
